Welcome to the 1781 Club

Set in the scenic hills of Western Pennsylvania, the 1781 Club presents an engaging golf course, two full-service restaurants, on-course Pavilion, and four Trackman indoor golf simulators. Built on the idea of bringing community, friends and family together through thoughtful membership experiences, the 1781 Club welcomes you!

At the 1781 Club, we have a pining for the past and an appreciation for the land. Inspired by old time supper clubs, the 1781 Club brings a modern-day dinner club to the neighborhood while paying homage to community farms. We take pride in the seasonal offerings that will be available in our Farmers Table, Lounge & Terrace sourcing local and fresh ingredients whenever possible.

Fashioned after the Township's founding farmers and with the name representing the year the community was incorporated, the 1781 Club is proud to carry on a tradition of family and friendship.

Please review the member guide for valuable information, Club standards and policies and golf course regulations. Local governing rules may be added from time to time to the member guide and updated on the 1781 Club website. Please refer to the club website at www.1781club.com for hours of operation and note that all information pertained herein is subject to change.

<https://www.usga.org/content/usga/home-page/rules/rules>

In addition, the local rules on the back of the scorecard are also in effect.

Local Rules Notice / Conditions of the Competition

a) When Preferred Lies are posted E3, "a player's ball lies on a closely mown area in the General Area, the player may mark, lift, and clean his ball without penalty. Before lifting, he must mark the position of the ball. The player must then place the ball on a spot within the Relief Area of where it originally lay, but not nearer the hole and not in a penalty area, or on a putting green, and the ball must remain in the fairway when so placed. A player may place his ball once and after the ball has been so placed, it is in play.

b) The Embedded Ball Rule is in effect in the General Area. A ball that is embedded in its own pitch-mark in the ground, may be lifted without penalty, cleaned and dropped inside to where it lay but not nearer the hole. The ball, when dropped, must first strike a part of the course in the General Area. Rule 16.3.

c) Aeration Holes: A ball that comes to rest in or on an aeration hole may be lifted without penalty, cleaned and dropped, as near as possible to the spot where it lay but not nearer the hole. d) Distance-Measuring Devices (DMD): For all play at this course, a player may obtain distance information by using a DMD. If, during a stipulated round, a player uses a distance-measuring device to gauge or measure other conditions that might affect his play (e.g., gradient, wind speed, temperature, etc.), the player is in breach of Rule 4-3.

e) Time of Starting: If the player arrives at his starting point, ready to play, within five minutes after his starting time, in the absence of circumstances that warrant waiving the penalty of disqualification as provided in Rule 5.3, the penalty for failure to start on time is loss of the first hole to be played in match play or two strokes in stroke play. Penalty for lateness beyond five minutes is disqualification.

f) Accidental Movement of a Ball on a Putting Green: When a player's ball lies on the putting green, there is no penalty if the ball or ball-marker is accidentally moved by the player, his partner, his opponent, or any of their caddies or equipment. The ball must be replaced.

g) Stroke and Distance Penalty: Proceed under rule 14.6 which is stroke and distance when a ball goes out of bounds.

Golf Information

- Pace of Play

PACE OF PLAY

A full round of golf should be played at a pace of 4 hours if at all possible. It should not exceed 4 hours and 15 minutes under most circumstances. Speed of play will be monitored for compliance with this standard. The following tips are designed to keep play at an enjoyable pace:

- Do not waste time looking for lost balls. Three minutes looking is the maximum allowable time. Play a provisional ball when a possibility exists that a ball may be lost.
- Observe both the players in front of you and behind you as a measure of your speed of play. Keep up with the players in front of you. You must allow faster players to play through if one hole is open in front of you. You should always allow faster players to play through when the speed of play is lagging behind the required pace.
- When using golf carts leave the golf cart with the appropriate clubs to play the shot. When in doubt, take several clubs.
- Do not replay missed putts. When finishing putting, leave the green and mark the scorecards on the next tee. Continuous putting is encouraged.
- Members are responsible for the speed of play and all actions of their guests.

The Golf Shop staff shall monitor pace of play throughout each day on the course as well as at the end of each side. It is the player's responsibility for maintaining a reasonable pace of play. The Golf Shop staff may, on occasion, be required to advise a group that its pace of play should be increased. This advice may occur out on the course or at the turn - always in a discreet and courteous manner. The group is expected to politely accept the advice of the Golf Shop staff and re-establish its pace of play within Club guidelines. Players who fail to keep up with the Club's pace of play guidelines may be restricted from playing during peak periods of play.

Carts shall not be operated by anyone under sixteen years of age nor by anyone without a valid driver's license. Driving a cart with a driver's license permit is allowed when accompanied by a responsible licensed adult.

On a daily basis, the Superintendent will authorize use of the carts as follows: Cart Path Only, Rough Only, or Scatter. "Cart Path Only" means that carts must remain on the paths at all times. When the "Rough Only" sign is displayed, carts are only authorized to be in the rough and never to cross fairways. When the "Scatter" sign is posted, carts are permitted to drive in the rough and fairways. From time to time, carts may be restricted to the 90-degree rule or to cart path only. During these times, in the sole discretion of the Golf Course Superintendent, physically challenged players may be permitted to operate carts using the 90-degree rule, so long as the player exercises good judgment in maintaining the care of the course.
